

GREEN COUNTY LAND INFORMATION COUNCIL AGENDA

Thursday June 4, 2026

11:00am – 12:30pm

**Green County Historic Courthouse
County Board Room (Second Floor)**

1016 16th Avenue

Monroe, WI 53566

1. Call meeting to order – Jayne Butts, County Treasurer
2. Member introductions
3. Election of Chair and Vice-chair
4. Approve meeting agenda
5. Approve the minutes of December 9, 2025
6. Land information overview
7. Discussion and possible action regarding FY2026 NG9-1-1 GIS Grant (Resolution 6-2-26)
8. Discussion and possible action regarding Land Information Plan correction
9. Update on migration to AT&T ESInet from TDS/Synergem (NG9-1-1)
10. Set date and time for next meeting
11. Any other business
12. Adjourn

PLEASE NOTE: Upon reasonable notice, efforts will be made to accommodate the needs of individuals with disabilities through sign language, interpreters or other auxiliary aids. For additional information or to request the service, contact the Green County Treasurer's Office at (608) 328-9435.

GREEN COUNTY LAND INFORMATION COUNCIL
County Board Room
Tuesday, December 9, 2025 8:30 AM

Those present were as follows: Richard Thoman, Rob Sommers, Nick Hartwig, Hans Justeson, Todd Jenson, Mason Jarosinski, Adam Wiegel, Mei Mei Keohane (SWWRPC), Jaclyn Essandoh, Mark Gundlach, Melissa Even, Melissa Thompson, Sam Wilke, Deanna Miller, Sheriff Cody Kanable, Emily Sauer, and Jayne Butts.

Meeting was called to order at 8:31am.

Even moved to approve the minutes from the September 3, 2025 meeting, Wilke second. Motion passed.

Sommers gave an update on **land information projects** including: T Tech & GIS –minor quality control yet, plus historic & PLSS; PLSS Project is complete; NextGen 911—migration expected to happen next year (2026); Legacy Phone Records—corrections with TDS; Fiscal Year 2025 Grant Project—work due June 2026; Voting Ward Boundaries—topology corrections; Road Center Line—possibly rectify with aerial photography—North ½ of the North ½ are done, Full North ½ will be done by the end of this year—would like to contract out the South ½; Assessor splits are in and Assessments are in; new splits will begin in January.

Sommers discussed the **Strategic Initiative Grant**—and noted it has been greatly reduced. Currently it looks to be around \$20,000 and is specifically used for the PLSS Project. We have met the Benchmarks 1-3, and will use this for Benchmark 4 if awarded. Maybe could consider LIDAR imagery, however a bit expensive. The **Base Budget Grant** will be used to complete funding for the 2026 PLSS project; Maintenance mapping/surveys, etc; Admin Items; Updates to Meta Data; Zoning/Land Conservation, Using GPS Platforms—need to make sure stay consistent; Highway Dept—presurvey mapping; a Regional Highway Dept Project; Migrated Apps to update including Emergency Management Maps, Placement of Sex Offenders; and Site Address updates. Wilke moved to accept the grant information as presented, Even second. Motion passed.

2026—NG9-1-1 GIS Grant—Sommers noted this grant is behind schedule as grant applications are not ready, however it's due 3/15/26. At this time, uncertain if it will require a special meeting, however, as soon as grant information can be put together, it will be done. If it can be done without committee approval, we will address at the next meeting. Even questioned if it must be GIS related or if it could be more PSAP/Dispatch technology.

Municipality-Requested Maps—We are seeing an increase in requests from municipalities for our maps. Example Town of York has requested a map for a Town Ordinance/Land Division. Would possibly require a separate app to use. Advised them we would need an official request, time to see if it is feasible to do, and a cost analysis. Land Records has the best access to the data, however, we don't want to compete with the private sector. Questions were asked regarding if the app would be specific to each municipality, what it might entail and would it look like our parcel maps with layers? Will they need to have Rob curate it? More details to follow later.

Privacy Options – County has not taken any action or declared who should be the contact person for the shielding information. Questions were asked about expanding this to others in the future. Currently put on hold until more information is presented. Currently, the county has not received any requests.

Other Council Concerns

GCDC was working with the IT Department on a frontier grant and ARPA Funds, however the grant was denied. It was presented as one project of GIS mapping & access—possibly incorporating telecommunication layer on GIS mapping. \$200,000 possible budget—would like to see results by the

end of 2026. Rob expressed concerns and the need for a contract to determine how the mapping would look and be managed going forward. More details are needed to make a time assessment—tabled to April for more details.

Next Meeting was tentatively set for 4/28/26.

Wilke moved to adjourn, Gundlach second. Motion passed. Meeting adjourned at 9:33am.

Submitted by:

Jayne Butts, Green County Treasurer

RESOLUTION 6-2-26

Resolution Accepting Wisconsin Department of Military Affairs - FY2026 NextGen 9-1-1 GIS Grant

WHEREAS, the Finance and Accounting Committee adopted a Grant Application and Acceptance procedure at its August 2, 2005 meeting, which states that grants over ten thousand dollars (\$10,000.00) shall be subject to County Board consideration before acceptance, after approval by the oversight committee and Finance Committee; and

WHEREAS, County Code Section 2-12-1, entitled COUNTY BOARD APPROVAL, provides for County Board approval of programs or services within Green County which are funded by other than County funds and revenues.

NOW, THEREFORE, BE IT RESOLVED by the Green County Board of Supervisors, in legal session assembled, that the Board approve the recommendation of the appropriate oversight committee and the Finance and Accounting Committee for approval of the following grant application(s) and amend the departmental budget for 2026 as follows:

Department	Grant Amount				Purpose
	<u>Amended Revenues Budget</u>	<u>Account</u>	<u>Budget</u>	<u>Increase</u>	
Treasurer	\$81,580	10517110-4322	\$81,580	\$81,580	Maintain 911 GIS Data/purchase of orthophoto

SIGNED: FINANCE AND ACCOUNTING COMMITTEE:

Kristi Leonard, Chair

Jerry Guth

Kathy Pennington

Peg Sheaffer

Jane Skelton

FISCAL NOTE: Funding provided through Grants and included in 2026 budget. ALV

LEGAL NOTE: Approval of two-thirds of the entire membership of the County Board required when appropriating amounts not previously budgeted. Sec. 65.90(5)(a), Wis. Stats. BDB

STATE OF WISCONSIN)
)SS
COUNTY OF GREEN)

I, Arianna L. Voegeli, County Clerk, in and for said County, do hereby certify that the above and foregoing is a true and correct copy of Resolution 6-2-26, adopted by the Board of Supervisors on June 9, 2026.

Dated at Monroe, Wisconsin, this 9th day of June, 2026.

Arianna L. Voegeli, Green County Clerk

[Land Information Plan \(web link\)](#) Correction on Page 16:

Street Centerlines

Layer Status

- Complete. Ortho-rectification to the 2017 WROC aerial photo completed in 2024. Ortho-rectification project underway in 2024. Centerline data is built to support CAD/dispatch, and Highway Department needs. Regarding NG9-1-1, this layer is in development (active project).

Custodian

- Land Information Office (supported by the Sheriff's Department and Land Use and Zoning).
- Motorola.
- Geo-Comm under contract (NG9-1-1).

Maintenance

- Centerline data is updated as road names are changed and new roads are built.

Standards

- Intend to ultimately realize the Wisconsin GIS NG9-1-1 Data Standard (close).
